Dear Parent or Guardian

The Fab Feb Half term programme starts on the 21st February and is packed with a wide variety of activities for children and young people aged 5-16 years old.

There are hundreds of activities throughout the winter break including specific provision available for children with SEND or additional needs, at **no cost to you**. There's a great range of activities across the city including **boxing, trampolining, football camps, drumming, dance, roller skating, ice skating, cooking, films, bowling, arts and crafts, drama, trips out, radio show and music production** and much more! Every day there will be food available for every child that attends.

To find out where your nearest scheme is please click on this link – <https://www.merseyplay.com/fab-feb-half-term-activities/> or visit www.Merseyplay.com and click on the Fab Feb half term link.

When you have chosen an activity, you will need to contact that organisation to book a place. If your child has any additional needs or dietary requirements then please discuss this with the organisation when you book.

Liverpool City Council is working with the local schools, voluntary and community organisations, and childcare providers to provide the Fab Feb half term programme.

In order to help the city recover from the Coronavirus pandemic Liverpool City Council has pledged to help families Get Connected to the internet. The Get Connected pledge will see families, eligible for benefits related free school meals, which currently do not have a broadband connection, receive a fully funded wireless connection and equipment for one year.

To check the full eligibility criteria and to apply, go to liverpool.gov.uk/getconnected or call the Get Connected team on 0151 233 3073.

Our mission is to focus on working face-to-face to engage with marginalised communities from ethnically diverse and socio-economically deprived backgrounds, making a difference to people's lives, strengthening resilience and the sense of self-worth. We produce new work; create events and deliver projects, festivals and creative-based learning workshops; offer training and research to promote and celebrate the creative case for diversity in the arts and the community. The February half-term programme will consist of daily creative-learning activity workshops in the disciplines of dance, music, creative writing and arts/crafts, building upon the highly successful summer activities. Delivered by highly experienced artists and workshop leaders, each day will have a mixture of the above disciplines, which over the four days of the week focus on: personal development; skills/knowledge development; exploration of own and others' cultures; physical hand, eye and body coordination activities; self and group working. One session of every week will be given over to the understanding and exploration of basic food and nutrition facts across different cultures, which are put into practice through the creation of a meal preparation and family sharing activity.

Multi Activity

Rice Lane City Farm will be pleased once again to host school holiday activities and meals during the February 2022 half term holiday (21st – 25th). The Farm opens at 10am every day of the year and entry is free. We are a fully accessible site and cater for SEND children. We have challenging volunteers, who help doing special tasks around the site. During the February school holiday there will be two strands of activities, physical and creative. On our 24-acre site there are many ways to explore, see different kinds of nature, both animal and vegetable. We also have a small playground with climbing frame and bridge, suitable for under 10's. During the COVID crisis school holidays, we have served hot and cold lunches for children free every day. Our team of volunteers cook up a variety of different hot and cold lunches, something for all tastes and allergies. The feedback from earlier HAF breaks was very positive, without any complaints of quality or quantity, and an amazing number of shares on social media. The physical strand of activities will include skipping, ball games, playing with hoops, treasure trails, collecting leaves and flowers and finding the famous people who are on the Farm permanently! Creative activities will involve painting, drawing chalk pictures, tree bark rubbing, making sculptures from everyday items and drawing farm scenes. We expect to have a resident story teller, and possible musician who can lead some singing. We have an outdoor, forest school area, which could be in use during the holiday, weather permitting. There will be a mixture of volunteers and staff running activities, all tuned to look after children safely, and send them home happy and possibly a little tired?
